

Together Everyone Decides

Dear Children,

We are looking for your help to make our school even better! In school there are different teams who help change and improve different things in school. We are hoping you will join one of these teams and work together with the grown ups to make our school an even better place to be.

These are the teams you could be a part of and the sorts of things you will be doing:

The Teaching and Learning Team have more say in what you are learning and help make learning more interesting!

The Welfare Team look at all the ways we look after each other and how we could make these even better.

The Environment Team suggest ways of improving our school – inside and out

The Healthy Schools Team looks at how well we keep ourselves healthy in school and suggests how to improve this.

All our team members have to be:

- Able to understand their job and explain to others what they will be doing
- Interested in improving the school
- Confident and not afraid to talk and share ideas
- A good learner – someone who cares about their own learning and works hard
- Trustworthy
- A good listener

If you are interested, your teacher will help you put your name forward for the team of your choice.
