

## Action Plan - Teaching & Learning TED team

**Key issue:**

**Current position:** WALT and WILF have been introduced this year. Topic evaluations were written by last year's T+L TED team and are being used to evaluate topics. Children are keen to improve standards and monitor that systems are in place and being used effectively.

**Aim:** To use topic evaluations to help evaluate and improve the curriculum; to review topic newsletters and Wizkid to ensure homework is interesting and to check WALT and WILF are being used in classes.

What do we need to do?	When	What will the impact be?	How will we measure the impact? (How will we know when we've achieved this?)
